

# TAFDC and EA ADVOCACY GUIDE

## **About MLRI**

Massachusetts Law Reform Institute is a statewide legal advocacy and support center. Our mission is to represent low-income people, disabled people and elders in their struggle for basic human needs; to defend against policies and actions that harm and marginalize people living in poverty; and to advocate for systemic reforms that achieve social and economic justice. Our activities include advice, litigation, policy analysis, research, technical assistance and public information.

MLRI dedicates this Guide to the low-income children and their families for whom it was written. We thank the advocates for children and families in Massachusetts who help cash assistance applicants and recipients obtain the benefits for which they are eligible and who work to preserve and protect basic benefits for people in poverty.

We especially appreciate the support for our work and for this Guide from the New Directions Foundation and the Boston Bar Foundation.
